Visiting Guidelines

We welcome visitors. Please help us protect the privacy and safety of our clients and family members by respecting these guidelines:

• A photo ID is needed for each visitor (except children under 16 with a family member).
• Please, no more than two visitors at a time.
• Visitors under 16 must be with an adult.
• Visitors under the age of 12 must be approved by the doctor.
• Visitors may not smoke at the hospital.

The hospital reserves the right to impose restrictions on visitation in order to ensure the safety and/or medical needs of our clients, visitors and staff.

Help us to serve you and your family better:

Natchaug Hospital wants to meet the needs of the people we serve. We welcome your ideas about how to make our programs better.

If you are worried about the care you or a loved one is receiving at Natchaug Hospital, please contact the director of the program.

Phone Guidelines

There are pay phones on the Adult and Adolescent Units.

Children use the phone at the nurses’ desk to talk with their families, guardians, and others. The child’s therapist will help the child decide who to call.

• To respect the interests of each client, phone calls are limited to 10 minutes.
• Calls coming in during group sessions will be returned rather than disturb the group.
• A client who needs a longer call, or a call during group time can make plans with their therapist.

During the week, calls placed after 8 PM are less likely to disturb school and treatment groups.

Please make arrangements with staff if children or adolescents need to be available for calls during the day on weekdays, or for calls likely to take more than ten minutes.
